The University:

Indian Institute of Teacher education (IITE), a university established under Gujarat Government Act 8/2010, is a unique Teacher's University, only of its kind in India. It is a brainchild of the then CM of Gujarat Shri Narendra Modi.

As 21st century education would not just consist of a degree but an all-inclusive setup, hence the idea of innovative, residential, integrated degrees was brought in to existence. To lend a material shape to the best educational philosophies from across the world, a team of experts led by legendary Indian academician and philosopher Shri Kireet Joshi and other scholars of national and international stature came together to design the curriculum of IITE. The institute is set-up with the objective to produce world class teachers which can be exported to the schools across the world. At a time when the world is facing shortage of skilled teachers, India should lead from the front is the goal of IITE.

The skill & training...

IITE has created first of its kind Skill and Training Centre to equip the students to excel in communication skills, information technology, administration and management, innovation and yoga, horse-riding, and fine and performing arts like Dance/Drama/Painting etc. This Skill and Training Centre helps students to understand the changing scenario of global education with the help of experts of the field resulting into increasing the probability of employability.

Indian Institute of Teacher Education is dedicated to preparing teachers of the highest calibre for the global education culture. Today, our graduates are reckoned as instructional leaders. University invites applications for M.Sc./M.A., M.Ed. and M.Sc. M.Ed./M.A. M.Ed. programme. The courses are recognised by NCTE and UGC.

Nurturing teachers of tomorrow...

INDIAN INSTITUTE OF TEACHER EDUCATION

Prospectus

Information about Institute and General Instructions for the candidates

1.0 Introduction:

Indian Institute of Teacher Education is the university established by Govt. of Gujarat by passing an act in Gujarat Legislature Assembly in the year 2010. The university is established with an objective of training prospective teachers professionally and to help them becoming effective and efficient teachers to serve the humanity in general and society in particular.

The following are objectives and vision and mission of the University:

OBJECTIVES

- To evolve and implement a new program of teachers' education that would provide education and training to prospective teachers that aim at development of new integral development of teachers.
- To train prospective teachers based on globally benchmarked curriculum with ideas gleaned from the fusion of the intellectual traditions of India and the West.
- To equip teachers with the competencies requisite for dealing with the 21st century issues of the choices and challenges of students.
- To impart teacher training which enables the prospective teachers to see the obtaining world in the new light of universal human values.
- To promote the indigenous tradition of teacher-student relationship (Guru-Shishyaparampara) in various fields of humanities, arts, crafts, sciences, technologies and yoga (psychological and physical education).
- To publish and disseminate results of advanced research relating to teachers' education for purposes of advancement of capacities to teach and learn among professional teachers as also among parents, social educators and social workers.
- To promote national and international cooperation in teachers' education as also in the development of teaching-learning material through online programs, documentaries, musical and dramatic programs and films.
- To undertake, conduct and promote any program that will enhance the highest aims of pedagogy and synthesis of knowledge-systems and internationalism.
- To foster in the University highest purposes of education of the body, life and mind as also of the human spirit in its integrity.
- To introduce and nurture innovations in the education system so as to reflect India's spiritual knowledge, robust intellectuality and inexhaustible creativity.

OUR VISION

To create teachers of tomorrow with the transformative knowledge of Indian tradition and usher in a new era of teacher education, focusing upon the integral development of teachers.

OUR MISSION

To provide integrated courses in teacher education, marked and defined by value -education, global outlook, and interdisciplinary.
