

Indian Institute of Teacher Education Gujarat

welcomes you

The University:

- Indian Institute of Teacher education (IITE), a university established under Gujarat Government Act 8/2010, is a unique Teacher University of its kind in India. It is a brainchild of the then CM of Gujarat Shri Narendra Modi.
- As 21st century education would not just consist of a degree but an all-inclusive setup, hence the idea of innovative, residential, integrated degrees was brought in to existence. To lend a material shape to the best educational philosophies from across the world, a team of experts led by legendary Indian academician and philosopher Shri Kireet Joshi and other scholars of national and international stature came together to design the curriculum of IITE. The institute is set-up with the objective to produce world class teachers which can be exported to the schools across the world. At a time when the world is facing shortage of skilled teachers, India should lead from the front is the goal of IITE.

The Training:

- ▶ Indian Institute of Teacher Education is working in the field of Teacher Education with enthusiastic zeal to impart qualitative extensive training to the students. IITE has observed lots of reforms in the field and implemented skill courses, Project Based Learning, Horse Riding, Jodo Karate to make the preservice teacher training all-inclusive to increase the employability of its teacher graduates. IITE has received overwhelming response towards the reforms implemented from students and their parents. Now, IITE is looking forward to further expansion of its accomplishments in teaching-learning, training, research and extension activities in further to its potential zenith.

The skill & training...

- ▶ IITE has created first of its kind Skill and Training Centre to equip the students to excel in communication skills, information technology, administration and management, innovation and yoga, horse-riding, and fine and performing arts like Dance/Drama/Painting etc. This Skill and Training Centre helps students to understand the changing scenario of global education with the help of experts of the field resulting into increasing the probability of employability.
