From the desk of Vice-Chancellor...

Dear friends,

I appreciate that you have dreamt to be with Indian Institute of Teacher Education, Gujarat. In the world where values diminish in presence of money and everyone has started to think about wealth to enjoy worldly pleasures, but you are different. One of the reasons of being different is, you look into future.

The future of the young children; it is the moral duty of elder is to lead younger towards prosperity, not the property. The property might have instantaneous value in terms of demand and supply, but the prosperity brings peace and solace to one's life. A teacher is an angel in this term; he/she brings joy into life that draws prosperity. However, from where one can have the training for becoming efficient, dynamic and excellent teacher; I am sure you are at the right place. The place where we preserve the real ethos of Indian culture and tradition which will help students to acquire the requisite skills, knowledge and practice through which new era of teachers are been built.

In the light of National Educational Policy-2020 (NEP-2020), Teacher Education has been emphasized to get revived in due course and NEP-2020 has insisted to revitalise teacher education by 2030. Four Year Integrated Teacher Education Programme (ITEP) is going to be essential for becoming School Teacher. There shall be 2-Year B.Ed. Programme for UG and 1-Year B.Ed. Programme for UG-Honours and professional teacher education is key concern and I wish all 4-Year Teacher Education Programmes are offered will be torch bearer of future of Teacher Education in our country.

IITE is not an institution where we just dream to have teachers teaching in schools, we dream big and wish to have teachers shines out in the world of Higher Education. The knowledge of academic subjects along with practising teaching is the key concern and the 4-Year Innovative Integrated Teacher Education Courses are offered. These courses have wider perspective and the scope to develop multicore abilities among prospective teachers is intermingled with the curriculum transaction. The teacher who can sing, draw, enact, explain, elaborate, discuss, play games; in nutshell a real hero who can explore the world of information in a manner learners' wish, is our vision and mission.

The prospective teachers can extend their horizons to explore the world of knowledge to peep into the minutest concern of the subject or faculty can knock the doors of our PG Programmes. These programmes have been designed to enrich the information transferring into the real substance, knowledge. The teacher educators, who are the front-runners of envisioning the education of tomorrow, are dire need of society or state. The policy makers, academic administrators, assessors and evaluators, curriculum designers, content writers for text-books, e-Content developers; there are numbers of vocation exist in the world of education yet very few professionals are available.

The school and society, learners and teachers, parents and communities, policymakers and academic administrators wish to have such studies, which shows them a clear and substantial path to invade for the development and prosperity. The research programmes, which we offer, have specific procedures and techniques, which has been incorporated easily in the system. Our focus is to enrich the substantial knowledge that helps the stake holders to minimize the chances of risk. Do think positively, wish to have grab challenges and have the real zeal of investigating; think of collaborating your excellence with us to promote Research Studies which are empirical, experimental, comparative and historical in real spirit.

Shri Narendra Modi has rightly pointed out the aim of establishing this institution is to serve the communities to preserve information and ethos and to spread Indianness where nothing is sacred than knowledge, "न हि ज्ञानेन सदृशं पवित्रमिह विद्यते".

We strive to live up this message to make the Universe, "वसुधैव कुटुम्बकम्"

Wishing you all the best for the i3T and hope to see you all on campus.

Indian Institute of Teacher Education:

The State Public University: Nurturing Teachers of Tomorrow...

Indian Institute of Teacher Education (IITE), a State Public University established under Gujarat Government Act 8/2010, is the University dedicated to Teacher Education. It is only of its kind University in India and in South Asian countries. **This University is the manifestation of India's visionary leader, then Chief Minister of Gujarat and incumbent Prime Minister Hon. Narendra Modi's vision of a University**, which would be specialized in preparing teachers equipped with the advanced teaching skills and deep understanding of Indian knowledge and value system. The University is committed to prepare teachers with global competence to teach in the schools across the world, as Shree Narendra Modi has vision to provide excellent teachers not only to India but across the world, who will carry Indian Values with them wherever they will be going to teach in the world.

It is believed that the sharing is the power that will generate the knowledge in the 21st Century. In contemporary times, education would not be just UG/PG degrees but multidimensional development of individual. Looking at the dire need of the society for an all-inclusive setup, the idea of innovative, residential, integrated degrees was brought in to existence. It is an Indian ethos to sense the best from round of the world and to inculcate them in prospective generations without any kind of discrimination. **Legendary Indian Academician and Philosopher Shree Kireet Joshi**, made it viable and led us towards developing curricula for this University. It is a collaborative effort and leading National and International scholars contributed in development of the curricula. The institute has single line motto of nurturing world class teachers, who can be exported to the schools across the world. It is the acute need of the time and there is a dearth of good teachers globally. IITE is established with a view to provide skilled teachers to the world.

Skill is a key in the process of acquiring knowledge. IITE has made it mandatory, so skill development training is integral part of our training curriculum. We have focused on specific skills to get developed along with schedule programs of curriculum transaction. Communication skills in mother tongue and English, dance, drama (theatre), painting, performing arts, etc. We believe that enhancing professional skills give competitive advantages to learners for securing the role of a teacher at the beginning of their career as soon as they step out in the world.

Vision

To create teachers of tomorrow with the transformative knowledge of Indian tradition and usher in a new era of teacher education, focusing upon the integral development of teachers.

Mission

To provide integrated courses in teacher education, marked and defined by value-education, global outlook, and interdisciplinary.

Objectives

The University has the objective of preparing teachers with professional acumen to serve the humanity in general and society in particular.

The following are objectives, vision and mission of the University:

- To evolve and implement new programs of Teacher Education, which would provide education and training to the students of the University to transform them into teachers with integral personality.
- To impart training based on globally benchmarked curriculum with ideas gleaned from the fusion of the Indian and the Western knowledge systems.
- To equip teachers with the global competencies requisite for dealing with the issues students of 21st century.
- To provide training that would enable the prospective teachers to see the world in the light of universal human values.
- To promote the indigenous tradition of teacher-student relationship (*Guru-Shishya Parampara*) in the field of Education.
- To promote advanced research in the field of education and disseminate its results of amongst parents, social educators and social workers.
- To promote national and international cooperation in teacher education as also in the development of teaching-learning material through online programs, documentaries, musical and dramatic programs and films.
- To undertake, conduct and promote any program that will enhance the highest aims of pedagogy and synthesis of knowledge-systems and internationalism.
- To foster the University's highest purposes of education of the body, life and mind as also of the human spirit in its integrity. To foster the University's purpose of education of body, mind and spirit in its totality.
- To introduce and nurture innovations in the education system to reflect India's spiritual knowledge, robust intellectuality and inexhaustible creativity.
