Chapter - 1

Indian Institute of Teacher Education

About IITE

Indian Institute of Teacher Education (IITE), established in 2010 to establish an institute that would produce world-class teachers and export them. At a time when the world is facing a shortage of teachers.

21st-century education would not just consist of a degree but an all-inclusive setup, and hence the idea of innovative, residential, integrated degrees was brought into existence. To lend a material shape to the best educational philosophies from across the world, a team of experts led by legendary Indian academicians and philosopher Shri Kireetbhai Joshi and other scholars of national and international stature came together to design the curriculum of IITE.

VISION

To nurture teachers of tomorrow with the transformative knowledge of Indian tradition and usher in a new era of teacher education, focusing upon the integral development of teachers.

MISSION

To provide integrated courses in teacher education, marked and defined by value-education, global outlook, and interdisciplinary.

OBJECTIVES

- To evolve and implement a new program of teacher education that would provide education and training to prospective teachers that aim at the development of new integral development of teachers.
- To train prospective teachers based on a globally benchmarked curriculum with ideas gleaned from the fusion of the intellectual traditions of India and the West.
- To equip teachers with the competencies requisite for dealing with the 21st-century issues of the choices and challenges of students.
- To impart teacher training which enables the prospective teachers to see the obtaining world in the new light of universal human values.
- To promote the indigenous tradition of the teacher-student relationships (Guru-Shishya parampara) in various fields of humanities, arts, crafts, sciences, technologies, and yoga (psychological and physical education).

- To publish and disseminate results of advanced research relating to teachers' education for purposes of advancement of capacities to teach and learn among professional teachers as also among parents, social educators, and social workers.
- To promote national and international cooperation in teachers' education as also in the development of teaching-learning material through online programs, documentaries, musical and dramatic programs, and films.
- To undertake, conduct and promote any program that will enhance the highest aims of pedagogy and synthesis of knowledge-systems and internationalism.
- To foster in the University the highest purposes of education of the body, life, and mind as also of the human spirit in its integrity.
- To introduce and nurture innovations in the education system so as to reflect India's spiritual knowledge, robust intellectuality, and inexhaustible creativity.
