The Emblem

॥ न हि ज्ञानेन सदृशं पवित्रमिह विद्यते ॥

The emblem of IITE, is the combination of following:-

- Rising sun.
- An open book.
- A teacher writing on a green board.

[“Nothing is more sacred than the Education” (knowledge)]

The emblem has an open book from which the sun is rising in the centre, which depicts the continuous rise of knowledge and how it brightens the world from all the evils prevailing around. Further, the logo shows a teacher writing on a green-board, which shows the role of teacher in transmission of knowledge to the world and is symbolized as the sun in this human world. The person, who only can lead anyone from the darkness to the brightness of life.

Teachers only can teach the true essence of life with the use of simple tools like board and can bring wonders to this world. The university emblem ultimately symbolizes an endless flow of rising knowledge.

Introduction and Objectives of the University

Indian Institute of Teacher Education: The State Public University: Nurturing Teachers of Tomorrow...

The Indian Institute of Teacher Education(IITE) has been established “to promote teachers’ development of integral personality; wide vision of nationalism and internationalism; and to fulfil their role as exemplars, as friends, philosophers, and guides; as scientists, psychologists, artists and technologists; and above all as ideal communicators who can spread uplifting influence by the processes of awakening, inspiration and contagious enthusiasm; also to promote new trends of syntheses of the East and West and agents of change from old to the new” - The Indian Institute of Teacher Education, Gujarat Act, 2010

Indian Institute of Teacher Education (IITE), a State Public University established under Gujarat Government Act 8/2010, is the University dedicated to Teacher Education. It is only of its kind University in India and in South Asian countries. This University is the manifestation of India’s visionary leader, then Chief Minister of Gujarat and incumbent Prime Minister Hon. Narendra Modi’s vision of a University, which would be specialized in preparing teachers equipped with the advanced teaching skills and deep understanding of Indian knowledge and value system. The University is committed to prepare teachers with global competence to teach in the schools across the world, as Shree Narendra Modi has vision to provide excellent teachers not only to India but across the world, who will carry Indian Values with them wherever they will be going to teach in the world.

It is believed that the sharing is the power that will generate the knowledge in the 21st Century. In contemporary times, education would not be just UG/PG degrees but multidimensional development of individual. Looking at the dire need of the society for an all-inclusive setup, the idea of innovative, residential, integrated degrees was brought in to existence. It is an Indian ethos to sense the best from round of the world and to inculcate them in prospective generations without any kind of discrimination. Legendary Indian Academician and Philosopher Shree Kireet Joshi, made it viable and led us towards developing curricula for this University. It is a collaborative effort and leading National and International scholars contributed in development of the curricula. The institute has single line motto of nurturing world class teachers, who can be exported to the schools across the world. It is the acute need of the time and there is a dearth of good teachers globally. IITE is established with a view to provide skilled teachers to the world.

Skill is a key in the process of acquiring knowledge. IITE has made it mandatory, so skill development training is integral part of our training curriculum. We have focused on specific skills to get developed along with schedule programs of curriculum transaction. Communication skills in mother tongue and English, dance, drama (theatre), painting, performing arts, etc. We believe that enhancing professional skills give competitive advantages to learners for securing the role of a teacher at the beginning of their career as soon as they step out in the world.

Best Practices:

Parents-Teacher Meeting (B.A./ B.Sc.-B.Ed, M.A./M.Sc.-M.Ed, B.Ed.-M.Ed. , M.Ed. and Ph.D. Programmes):

“Behind every young child who believes in himself/herself is a parent who believed first”

-Matthew Jacobson

Parent-Teacher meetings are provided with the best platform to discuss students' academic growth and future development strategies for IITE.

Objective:

Learning is a complex phenomenon. A child faces difficulties in learning. The child faces mental stress and several identified and unidentified challenges. The holistic development of a child depends upon

the hard work of the student, parent and teacher. These three stakeholders' integrated efforts give the best learning outcomes. The parent-teacher meeting covers the distance among three stakeholders. PTM opens a communication channel. Everyone is highly busy in his own task, profession and business. The parent is directly responsible for the child progress at home and in the institute. In fact, it is necessary to develop a vital bridge between parent and educator. This helped to create the necessary consciousness among parents to stimulate their interest in the students and the university. They gave their viewpoints and suggestions regarding the university and its development. Hon'ble VC sir has appealed to all the students to focus more on research and to publish their research papers in journals of national and International repute. Sir has also shown interest to recruit the students who are about to complete their last semester in the coming days.

All the parents, Dean sir/ Madam and VC sir said that they are very much satisfied by the efforts made by faculty members of the Centre of Education (COE), IITE for the 360⁰ grooming of future teachers. The following feedback is received from parents during the meeting:

- Hostel facility to be needed during an external exam 2022-23
- Parents appreciate the effort of all UG and PG semesters in charge for showing their ward's overall achievement during the current semester.
- Most of the parents appreciated the teaching facility and guidance provided by the Faculty of IITE during the online mode.

All the 24 skill courses under Guru Drona Skill Development Department are designed in a module of 30 sessions to make them earn a certificate after surpassing the schedule of practical and theory exams. These skill courses give opportunity to students to earn 18 certificates by the end of their degree. These certificates add feathers to their hat for their future endeavors.

This year in 2023 GURU DRONA SKILL DEVELOPMENT DEPARTMENT provided 10 minutely selected skills for the students of various semesters dividing it in two groups for students to choose any two skills depending upon their interest areas. Majority of the skills were procured by in house faculties and only three faculties were outsourced.

Annual Report for the year 2022-23: Academic Branch

Amendment in Statute, Ordinances & Regulations:

IITE Statutes, Ordinance and Regulations have been prepared and approved in the year of 2020. Same have been amended as and when need arises. The Academic Department notified approved Ordinances and Regulations. As per provision of these Ordinances and Regulations, it also notified various Councils, Committees and appointments accordingly. University has prepared a University Handbook, which is updated regularly.

Affiliation of the Colleges

University was having 59 colleges affiliated to it. As per resolution 8 of the special joint meeting of the Academic Council and Executive council of the IITE, it was decided to transfer affiliation status of all these colleges to the University where previously the college was affiliated before 2020. In line with the Teacher Education of National Education Policy 2020, it is suggested that by 2030, only educationally sound, multidisciplinary, and integrated teacher education programs shall be in force. It is necessary that all stand-alone TEIs will be required to convert to multidisciplinary institutions by 2030 since they will have to offer the 4-year integrated teacher preparation program. It is not possible to convert to multidisciplinary at IITE as suggested in NCTE regulation, as they are standalone colleges. All affiliated colleges of IITE are Grant-in-aid colleges or Government Colleges. These TEIs have the potential to serve teacher education at very nominal fees. To follow the NEP 2020, it was decided that all affiliated colleges shall be de-affiliated from IITE and may recommend to the State Government that the affiliation of all these 59 colleges shall be transferred to their regional universities respectively. University has issued de-affiliation letter to all these institutions. State Government also issued orders for the affiliation with other state Universities.

Recruitment and Teacher Recognition at Affiliated Colleges

During this year, process was carried by the State Government to recruit Adhyapak Sahayak at various Grant-in Colleges. University carried out scrutiny of the applications received for the teacher recognition of these newly recruited faculties at various colleges by the duly constituted committee. Committee scrutinized applications received for these teachers and submitted reports based on it. These reports were approved at the Academic Council and they were issued teacher recognition letters. Also, process was carried by the State Government to recruit Assistant Professor at various Government colleges. University has constituted Scrutiny Committee and scrutiny of the applications received for the teacher recognition of these newly recruited faculties at various colleges is in the process.

NEP-2020:

The National Education Policy 2020 envisages that the curriculum and pedagogy of our institutions must develop among the students a deep sense of respect towards the Fundamental Duties and Constitutional values, bonding with one's country, and a conscious awareness of one's roles and responsibilities in a changing world. The vision of the Policy is to instill among the learners a deep-rooted pride in being Indian, not only in thought, but also in spirit, intellect, and deeds, as well as to develop knowledge, skills, values, and dispositions that support responsible commitment to human rights, sustainable development and living, and global well-being, thereby reflecting a truly global citizen.

Plagiarism Check Services:

The Union Ministry of HRD has launched the Plagiarism Detection Software (PDS) “Shodh Shuddhi” project. This service is being implemented by Information and Library Network (INFLIBNET) an Inter-University Centre (IUC) of UGC which provides Ouriginal (Formerly URKUND) Plagiarism Detection Software (Provided by Ms Prio Infocenter AB, Sweden; Indian Partner: eGalactic) to enhance quality and prevent plagiarism in research/academic publications. Universities in India who have signed MoU with INFLIBNET Centre, get the software free of cost from INFLIBNET Centre. Indian Institute of Teacher Education, Gandhinagar has signed MoU with INFLIBNET getting the software at free of cost from INFLIBNET and has taken the initiative to provide “Ouriginal” user account to all its Faculties of the University. As part of UGC and NAAC directives on research ethics and originality of research, IITE follows UGC and NAAC guidelines in detecting plagiarism in research by checking all research dissertations of the University (Ph.D., M.Phil dissertations) through the URKUND software. When a document is submitted to Urkund, it is compared to sources online, alongside our multiple academic databases, and also previously submitted documents. The most relevant sources are then singled out and presented in the analysis report, which will show a detailed view of how many paragraphs could be matched against these sources, as well as how significant these similarities are.

In addition to this, for the prevention of Plagiarism and promotion of Academic Integrity, under IITE Regulations, 2021 No 57(4)(d)(i) Department of Academic Integrity Panel (DAIP) has been constituted on May 11, 2021. University has also introduced 2 credit courses for Ph.D. Course work and units on PG Syllabus for understanding plagiarism.

The University with vision, mission, and objectives

The University with vision, mission, and objectives

The State Public University: Nurturing Teachers of Tomorrow.....

Indian Institute of Teacher Education (IITE), a State Public University established under Gujarat Government Act 8/2010 is the University dedicated to Teacher Education. It is only of its kind not only in India but also in South Asian Countries. It is recognized u/s 2(f) of the University Grant Commission (UGC) in 2010 (See ANNEXURE-2). **This University was established in an era when the country was in search of alternatives to the current scenarios in Teacher Education. The then Chief Minister of Gujarat, Shri Narendra Modi envisioned the real scenario of teacher education globally.** Shri Modi thought of an interdisciplinary institution where school teachers to be nurtured for effective and efficient classroom instructions.

It is believed that sharing is the power that will generate knowledge in the 21st Century. In contemporary times, education would not be just a UG/PG Degree but a multicore development of individuals. Looking at the dire need of the society an all-inclusive setup; hence the idea of innovative, residential, integrated degrees was brought into existence. It is an Indian ethos to sense the best from around the world and to inculcate them in prospective generations without any kind of discrimination. *Shree Kireet Joshi*, the legendary Indian Academician and Philosopher, made it viable and led us towards developing curricula for this University. It is a collaborative effort and leading National and International scholars contributed in the development of the curricula. The University has a single-line motto of nurturing world-class teachers who can be exported to schools across the world. It is the dire need of the time and there is a dearth of good teachers globally. IITE is established with a view to providing skilled teachers.

To accomplish the objective of nurturing competent and excellent teachers for the primary, secondary and higher secondary schools, 59 Government and Grant-in-Aid Education colleges of Gujarat are affiliated with IITE to run undergraduate and post-graduate teacher education programs.

Skill is a key in the process of any kind of knowledge. IITE has made it mandatory so skill and training are integral parts of teacher training. We have focused on specific skills to get developed along with a scheduled programme of curriculum transactions. Communication skills in mother tongue and English, dance, drama (theatre), painting, performing arts, etc. we believe that enhancing professional skills helps learners being more employable.

IITE is well structured on Teaching-learning, training, research and extension services, the four pillars of any university which play a vital role in the social transformation, the root cause of social

change. Social transformation is the key factor in the development of the nation. To continue in the growth and development of the nation is the major responsibility and accountability of the university.

Since its inception, IITE is working in the field of teacher education with enthusiastic zeal to impart qualitative extensive training to the teacher trainees. IITE has received overwhelming responses from students and their parents towards the reforms implemented. Now, IITE is looking forward to the further expansion of its accomplishments in teaching-learning, training, research, and extension activities in the future to its potential zenith.

Through this project report, IITE proposes the new construction of Academic buildings for different departments. The university is established with the objective of training prospective teachers professionally and to help them become effective and efficient teachers to serve humanity in general and society in particular.

The following are objectives, vision and mission of the University:

- ✓ To evolve and implement a new program of teachers' education that would provide education and training to prospective teachers that aim at developing integral personalities of teachers.
- ✓ To train prospective teachers based on a globally benchmarked curriculum with ideas gleaned from the fusion of the intellectual traditions of India and the West.

Internal Audit Report FY 2022-23

SHITIN SHIRISH & ASSOCIATES
CHARTERED ACCOUNTANTS

To,

The Registrar,

Indian Institute of Teachers' Education
Gandhinagar

Respected Sir,

Subject: Internal Audit Report of Q1 of FY 2022-23

We conducted Internal Audit of your organization for the Q1 of F.Y. 2022-23. There are few points which requires your attention. We are herewith attaching the internal audit observations along with the primary response received from Accounts Department.
(Annexure-1,2,3)

We hereby draw your attention to few important points apart from the above internal audit observations.

1. There are many instances where accounts department receives relevant documents against advances given to staff after 5-6 months which leads to delay in expense booking and also payment of GST TDS. Such gap should be reduced by various departments. The said observation is backed by the pending bank reconciliation of all bank accounts assigned to various centres'.
Please refer Annexure 1 for the comments on the bank reconciliation status.
2. Inventory register of receipt books and such other sensitive stationery must be maintained.
3. Accounting and maintenance of records related to Fixed assets should be streamlined. It has been observed that various fixed asset items purchased in the FY 2021-22 are booked in the FY 2022-23 although the GST TDS of the same has been deducted in FY 2021-22. **Please refer Annexure 2 for the list of such instances.**
4. There are various transactions where GST applicability needs to be considered. During previous audit, it was informed to us that IITE will take opinion of GST expert regarding the same. This needs to be considered on priority basis to avoid future litigations and non-compliance of law.

5. It has been observed in some cases that, where the invoice raised by the supplier are not fully approved, the invoices are booked at lower value without obtaining revised invoices from the vendor. In alternate system of Debit note can be followed for reducing such value.
6. During the course of audit, we came across various non-material value lapses in the accounting system. **Please refer annexure 3 for the same.**

Thanking you.

Respected Sir,

Subject: Internal Audit Report of Q2 of FY 2022-23

We conducted Internal Audit of your organization for the Q2 of F.Y. 2022-23. There are few points which requires your attention. We are herewith attaching the internal audit observations along with the primary response received from Accounts Department.

We hereby draw your attention to few important points apart from the above internal audit observations.

- Issues related to Accounting Data Integrity and Reliability**

After completion of vouching of Q2 of FY 2022-23, it was observed that the voucher numbers of Q2 have been changed in Tally Data. This gives the impression that the Tally data is being altered even after offered for Internal Audit. In such scenario, the reliance cannot be placed on such Tally data.

Voucher Category	Last Voucher number as per audit workings (Q2)	Last Voucher Number in Tally Data (Q2)	Difference
Development Journal	392	370	22 vouchers are deleted
Development Payment	301	308	7 new vouchers are added
Grant Journal	173	172	1 voucher is deleted
Student Journal	936	947	11 new vouchers are added

This table gives the details just about instances wherein vouchers are added or deleted. The changes done in existing vouchers are not covered above.

- Tally software User Management and access rights**

During the course of audit, it was observed that the accounting data of institute is managed in Tally Software for which only one master user login details are being used.

It means that all the users are allowed to add, delete, edit, and modify any voucher, configuration or entry of current period or previous period(s).

Further, No Logs can be maintained as to who has passed or modified a particular accounting entry.

- **Contractual Employees**

During the course of audit, it was observed that the contract of contractual employees expires in May month of respective year and the new contracts are entered into in about July Month i.e. after 1 or 2 months of the same year.

During these 2 months, the employees who are not on contract in system, are given access to the data and premises. For this period of 2 months, they are working normally as if they are working on a valid contract. This results in unauthorized access to the data as the person who is working has not signed the contract yet with the institute. Their salaries are being paid in the name of "Daily Wages" for these 2 months.

- **Improper Accounting Entries**

During the course of audit it was observed that the accounting entries are not being passed properly in Tally Accounting System. Following are the instances related to improper accounting entries:

- In some accounting entries, more than 50 ledgers are selected in single accounting entry. This type of entries require more man hours and are very difficult to update in case of error rectification.
- When the deposit amount is withheld from any vendor's Invoice then the invoice should be booked with full amount and the deposit amount should be kept outstanding in ledger. While conducting audit, it was observed that the entry is passed with the payment amount only.

- **Approval of Vendor Invoices and reduction in their Amount**

During the course of audit, it was observed that there is a system of approval of invoices of vendor. In some instances, the vendor invoices are approved with lower value as compare to invoice value. The accounting of such invoice is done with such lower value. There is no revised invoice or debit note from the vendor. This results in mismatch in ledger of vendor in IITE's books as compared to ledger of IITE in vendor books.

- **GST Applicability**

During the year, the institute has taken GST registration as regular taxpayer effective from Sept-2022. The Institute is filing GST returns regularly for last 6 to 7 months. However, no opinion on GST applicability has been taken as to on which income GST should be charged.

- **Non – Maintenance of Inventory and Other Queries**

All the other queries related to vouchers, GST, TDS and other miscellaneous queries have been communicated to accounts department.

Inventory register of receipt books and such other sensitive stationery must be maintained

Summary of Audit Diary of Q2 of FY 2022-23
Number of Days for conduct of audit : 16 to 18 man days
Vouchers audited – 1100 vouchers in expenditure and income and Bank reconciliations.

The accounting of such invoice is done with such lower value. There is no revised invoice or debit note from the vendor. This results in mismatch in ledger of vendor in IITE's books as compared to ledger of IITE in vendor books. **(Annexure-B)**

- **Approving expenses based on Utilisation Certificate**

It has been observed that we are approving and booking expense of examinations held at various colleges, Internship programs run at colleges etc. based on utilisation certificate provided by them and in some cases based on all vouchers provided by them. It is important to have one consistent procedure to be followed for approving expenses done by various colleges and schools.
(Annexure-B)

- **TA DA Form / Exam Remuneration Forms not available**

During the course of audit, we have found various instances where TA-DA form and Exam remuneration forms are not collected. **(Annexure-B)**

- **GST liability**

Your good-self has taken regular GST registration with effect from 01/09/2022. It is pertinent to note that GST was applicable to our institute since its inception. Therefore it is advisable to identify probable liability till date of registration and take opinion of GST consultant on the same.
