Center of Education

Indian Institute of Teacher Education

(A State Public University established by Government of Gujarat)

About University

Indian Institute of Teacher Education (IITE), a State Public University established under Gujarat Government Act 8/2010, is a University dedicated to Teacher Education.

As a university, Indian Institute of Teacher Education believes in education as a key to a developed civilization, achieving self-realization and comprehensive progress, and development of any nation. In order to contribute significantly to the progress and development of India, the country would require a huge number of highly qualified, knowledgeable and skilled teachers at every level of education.

National Education Policy 2020 has confirmed that by 2030 only educationally sound, multi-disciplinary, and integrated teacher education programmes shall be in force.

IITE has been making a lot of efforts to improve teacher education through a versatile five centre structure existing at the university; including Centre of Education, Centre of Extension Services, Centre of Training, Centre of Research and Centre of Special Education. IITE also focuses on inclusive education, perspective of equitable and sustainable development, gender perspectives, role of community knowledge in education, and Information and Communication Technology (ICT) in teaching as well as e-learning. These effective centres have made IITE a unique university providing leadership to Teacher Education at state and national level.

Vision

To nurture teachers of tomorrow with the transformative knowledge of Indian tradition and usher in a new era of teacher education, focussing upon the integral development of teachers.

Mission

To provide integrated courses in teacher education, marked and defined by value-education, global outlook, and interdisciplinary approach
