From the desk of Vice-Chancellor...

Dear friends,

National Education Policy-2020 (NEP-2020) has been considered as the policy towards development and growth of India. India is not the simple word; it is the word that represents the greatest of the great ancient civilization and treasure of Indian ethos and values. One should believe in this cultural heritage and look into the future of this country. NEP-2020 has shown the path of prosperity by having principles of Indian Knowledge System (IKS) in mind. It is the system which has paved the ways to civilization, rituals, languages, traditions, etc. The beauty of this Indus Valley Culture lies in its heterogeneity and integrity. Think of having these goals in mind one should determine for becoming teacher of “AMRITKAAL” for the prosperity of global and unique civilization.

When we agree with the statement “Education has power to lead prosperity and development of the country”, why shouldn't we transform education right from foundational to higher education. The school education provides strength to learners neurologically, physically, and psychologically. The learners must be aspired for welcoming the challenges as and when it becomes part of life. One of the examples is, the Covid-19 was the challenge and pharmacy and medicine along with Covid warriors have made the life so comfortable and they become safeguard to communities and country. India took the challenge, and we helped the numbers of countries by providing required medical aids. This openness and culture is our identity and so we believe in वसुधैव कुटुम्बकम्, it means the entire globe is one family. Such culture and heritage are to be preserved for time to come which is the identity of our country; how can we do that; through Indian Knowledge System (IKS) that can reform we wish to bring in interest of global community and for which NEP-2020 is guiding principles.

During this transition, you are inspired to be teachers, from school educators to teacher of higher education itself signifies your determination for having the advanced and global training required to be efficient and effective teachers. We, Indian Institute of Teacher Education Gujarat, believes in providing you all such facilities and amenities so that your dreams can be achieved. We welcome you as prospective candidates for teacher training and teacher educator programmes offered. We assure you to be the friend, philosopher, and guide to lead you towards noble and humanitarian service to mankind. We strongly believe in Indian ethos and believe that “न हि ज्ञानेन सदृशं पवित्रमिह विद्यते”, it means there is nothing like knowledge is pious and sacred on this earth.

Having the vision of providing you the globally acclaimed practices for becoming the professionals in the arena of education at large but ensuring that you will be ambassadors of Indian knowledge and civilisation to the world. We wish you all the best for entrance test (i3T) and hope you shall be the part of our family.

At last, we urge you that by having global perspectives with Indian ethos shall bring the prosperity and growth to nation for achieving the mission of ViksitBharat@2047.

Wishing you all the best for the i3T and hope to see you all on campus.

Indian Institute of Teacher Education:

The State Public University: Nurturing Teachers of Tomorrow...

Indian Institute of Teacher Education (IITE), a State Public University established under Gujarat Government Act 8/2010, is the University dedicated to Teacher Education. It is only of its kind University in India and in South Asian countries. The University would be specialized in preparing teachers equipped with the advanced teaching skills and deep understanding of Indian knowledge and value system. The University is committed to prepare teachers with global competence to teach in the schools across the world, to provide excellent teachers not only to India but across the world, who will carry Indian Values with them wherever they will be going to teach in the world.

It is believed that the sharing is the power that will generate the knowledge in the 21st Century. In contemporary times, education would not be just UG/PG degrees but multidimensional development of individual. Looking at the dire need of the society for an all-inclusive setup, the idea of innovative, residential, integrated degrees was brought in to existence. It is an Indian ethos to sense the best from round of the world and to inculcate them in prospective generations without any kind of discrimination. **Legendary Indian Academician and Philosopher Shree Kireet Joshi**, made it viable and led us towards developing curricula for this University. It is a collaborative effort and leading National and International scholars contributed in development of the curricula. The institute has single line motto of nurturing world class teachers, who can be exported to the schools across the world. It is the acute need of the time and there is a dearth of good teachers globally. IITE is established with a view to provide skilled teachers to the world.

Skill is a key in the process of acquiring knowledge. IITE has made it mandatory, so skill development training is integral part of our training curriculum. We have focused on specific skills to get developed along with schedule programs of curriculum transaction. Communication skills in mother tongue and English, dance, drama (theatre), painting, performing arts, etc. We believe that enhancing professional skills give competitive advantages to learners for securing the role of a teacher at the beginning of their career as soon as they step out in the world.

Vision

To create teachers of tomorrow with the transformative knowledge of Indian tradition and usher in a new era of teacher education, focusing upon the integral development of teachers.

Mission

To provide integrated courses in teacher education, marked and defined by value-education, global outlook, and interdisciplinary.

Objectives

The University has the objective of preparing teachers with professional acumen to serve the humanity in general and society in particular.

The following are objectives, vision, and mission of the University:

- To evolve and implement new programs of Teacher Education, which would provide education and training to the students of the University to transform them into teachers with integral personality.
- To impart training based on globally benchmarked curriculum with ideas gleaned from the fusion of the Indian and the Western knowledge systems.
- To equip teachers with the global competencies requisite for dealing with the issues students of 21st century.
- To provide training that would enable the prospective teachers to see the world in the light of universal human values.
- To promote the indigenous tradition of teacher-student relationship (*Guru-Shishya Parampara*) in the field of Education.
- To promote advanced research in the field of education and disseminate its results of amongst parents, social educators and social workers.
- To promote national and international cooperation in teacher education as also in the development of teaching-learning material through online programs, documentaries, musical and dramatic programs and films.
- To undertake, conduct and promote any program that will enhance the highest aims of pedagogy and synthesis of knowledge-systems and internationalism.
- To foster the University's highest purposes of education of the body, life and mind as also of the human spirit in its integrity. To foster the University's purpose of education of body, mind and spirit in its totality.
- To introduce and nurture innovations in the education system to reflect India's spiritual knowledge, robust intellectuality and inexhaustible creativity.
